

Hi Uncle Herbert,

First of all, I would like to thank you on a marvelous job well done on our jackets. The quality of the jackets was not only superb but the print was awesome as well. Beyond the good quality of the prints and jackets, I would like to very much thank you for the excellent service you provided.

And also going the extra mile making sure that we can get our jackets on time and also helping out the poorer students among us by giving us discount!

I definitely look forward to more print jobs with you!

Thank you once again!
