

**Hi Uncle Herbert,**

I sincerely thank you for your patience when giving me your advice. I have worked with other printing shops but none of them had given me any advice. Some even rejected my orders!

I am also very pleased that you had came down to your office on a Saturday (where most shops are closed) especially for me to "Rush Order" when my order was only 35 shirts!

I am extremely pleased with both your service attitude and willingness to help! Once again, thank you for your help which made my Level Camp a success!
